

Musical instruments from Bali

From djembe and thunder spring drums to Australian didgeridoos, from shakers to bamboo flutes, glockenspiels and rainsticks, whistles, panpipes and thumb pianos, there's something here for everyone.

Many of these instruments are made with sustainable, locally-sourced bamboo and often feature the vibrant dot design art that is well known from the aboriginal cultures of Australia.

Wind instruments

Bamboo grows quickly, requires no irrigation, pesticides or fertilisers, sequesters carbon, and inhibits soil erosion, making it one of the most sustainable materials there is for craft production.
