

# Nobunto Candles

Nobunto Candles is based in South Africa, it's a new supplier for us and we highly recommend them. They're perfect as gifts.

Dignity and pride are the qualities which Nobunto tries to instill in its workers. The suppression of human rights can still be seen today in South Africa. At Nobunto, the entire production process is in the hands of a small team of artisans, giving them increasing self-confidence and allowing some wonderful creative initiatives to occur. In the words of an old South African proverb, "the absence of the chief increases respect". The artisans have security and a feeling of responsibility for the direction of their futures.

Nobunto Candles is yearly certified under the Swiss Fair Trade certifier Fair For Life.

# Cut coconut bowls

Coconut milk is key to much Balinese cooking ... which leaves a huge mountain of empty coconuts.

Fortunately, Bali is packed with creative artists who put their skills to good use producing these decorative bowls that can be used in a wide variety of ways. A wonderful use of a waste product.
