

Breathe easy
Bamboo socks

Welcome to the first Fair Trade bamboo socks on the market. This fancy footwear is made in Tamil Nadu, India.

What is bamboo viscose?

- it's supersoft
- it's 40% more moisture absorbant than cotton
- it's a breathable fabric that keeps feet fresh and dry
- it's comfortable
- it's naturally anti-bacterial
- it's durable and stronger than cotton
- it's hypo allergenic

Why not cotton?

Bamboo viscose yarn is good for the environment.

Bamboo grows without fertilisers or pesticides and requires only a third of the water required to grow cotton.

Bamboo yields are ten times higher per hectare than cotton and the plant rarely needs replanting, sprouting on its own. Bamboo yarns require less dye than cotton and keep their colour for longer.

With 17 great designs from our in-house Shared Earth team, there's something for everyone and every reason for you as a retailer to stock the only Fair Trade version of this bestselling product!

WORLD**

NEW RANGE

animal beach bags

Like you we are alarmed at the many threats facing the natural world..

We have designed this unique range of beach bags, featuring endangered species, to raise awareness of threatened animal species around the world.

Each bag comes with a designer label that explains about the individual animal and the main threats that it faces, primarily from human activity.

The bags are screen printed and assembled by a Fair Trade producer group in India so buying these beautiful and colourful bags promotes Fair Trade and artisan crafts in India too!

Have Your Own Branded Jute Bags Printed!

Shared Earth can produce bespoke designs on our jute bags for you. Here's how...

In 3 Easy Steps!

1.

Select a bag style, background jute colour and have your logo or design ready that you'd like on the front and back of the bag. You can have different artwork on the front and back of the bag; the cost only increases with additional colours.

Style 1
Landscape
32 x 42 x 12cm
Non padded handles 49cm

Style 2
Portrait
39 x 36 x 13cm
Non padded handles 49cm

Style 3
Square
30 x 30 x 20cm
Padded handles 36cm

Style 4
Landscape
32 x 42 x 18cm
Padded handles 49cm

2.

Once you've sent through your request, we'll send you a mock-up for your approval and discuss pricing and quantities. The cost is based upon the number of colours in your artwork including the background jute colour (no extra charge for natural jute) and there are no additional costs for printing or delivery.

Style 1, 2 and 3	1 colour	2 colour	3 colour	4 colour
250-1000 units	£1.98	£2.05	£2.11	£2.18
1000+ units	£1.88	£1.94	£2.01	£2.07
Style 4	1 colour	2 colour	3 colour	4 colour
250-1000 units	£2.09	£2.16	£2.22	£2.29
1000+ units	£1.99	£2.05	£2.11	£2.17

3.

If you are happy to go ahead, we will get a sample created for your approval. Then production can begin and we'll provide you with an estimated delivery date. We keep our pricing very competitive by shipping by sea, so the lead time is usually about 4 months.

A customer says: "These have been a great way of promoting our shop and have been bought as a souvenir by lots of people who visited us for the first time especially to buy one. We had a complicated design with lots of colours but were very pleased with the end result - the screen printing quality is fantastic. It was essential to us that they were ethically traded but they are also a nice and sturdy bag, with a very reasonable price tag." Harrogate Fair Trade Shop

To discuss your requirements in more detail please don't hesitate to contact us on 01904 670321 or at sales@shareearth.co.uk. We'll be happy to provide advice on bag style, artwork and any additional information you may need.

Kantha stitch bags

Sturdy kantha stitch bags from Gopals in Jaipur. Gopals is a family run business established over 20 years ago.

Patchworked textiles have been a staple product of Shared Earth for a decade. The patchworking is done mainly by Gujerati men and women who have migrated to India after finding it hard to make a living in their homeland.

Recycled fabric bags & purses

Handmade in India

Karm Marg, the organisation that makes these accessories, started as a kitchen for railway and street children in Delhi.

Twenty years later it is a home for over sixty children. These bags are made in one of its workshops, which are managed by the children themselves when they reach the age of 18. They are handmade in India from recycled fabrics, making each item completely unique.

Jugaad / Karm Marg

We are delighted to promote Jugaad's new range of keychain ornaments, bag charms, and hair clips.

A feast of bright colours and recycled fabrics from an organisation we are very happy to support.

To highlight just two of these products: the rakhi flower keychain and hair clips have a special meaning for the children at Karm Marg.

Rakhi or Raksha Bandhan is an annual Indian festival that celebrates the love between siblings. People buy Rakhi gifts for their brothers and sisters.

In supporting Jugaad, we are supporting the bonds between the new brothers and sisters at the children's home of Karm Marg.

We think that you'll agree that the transformative power of these small gifts gives the little scraps of recycled cloth real meaning.

Our African jewellery ranges are produced by artisan groups working in the slums of Nairobi.

The project provides training and employment. As a Fair Trade company Shared Earth is committed to helping to alleviate poverty and we know that many of our wholesale customers share this ambition.

Many African countries are struggling to develop their economies and raise the standard of living of their people, and we will be working actively with producers in Kenya and Madagascar to develop ranges of exciting new products - jewellery, soapstone, raffia, etc. - over the coming year.

Crayon jewellery

This bestselling range effortlessly blends fun, recycling and colour!

The crayons used in this jewellery are factory rejects and our supplier collects them from a small town 200km from Delhi - a great example of creative recycling. All metal components in this jewellery are brass, and are nickel free. Each item comes in varying colours due to the crayons' recycled nature.

Leather accessories

Shared Earth works with two trusted Fair Trade leather suppliers in India which strive to keep the traditional craft of leather making alive in Kolkata. Made from 'Shanti' or goat and sheep leather, which comes from Chennai, the designs are embossed on to the surface, skilfully painted by hand, glazed, stitched, lined and finally lacquered to give a quality, durable finish.
